

California OES Weather Threat Briefing

Tuesday, November 24, 2020
9:00 AM PDT

- **Day 1 (Tuesday):** Elevated fire weather conditions expected over portions of southern California where locally gusty conditions and low humidity continue. Otherwise, quiet weather will prevail for much of the state today.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

11/24/20 - 11/30/20

Tuesday

- Elevated fire weather conditions are expected through Tuesday night over the southern California mountains, Santa Barbara coast and Santa Clarita Valley where winds will locally be gusty up to 45 mph and humidity will remain low

Wednesday-Sunday

- Breaking waves could reach 25 feet on NW facing beaches of the north coast Wednesday and Thursday
- Offshore winds will increase statewide Thursday into Friday creating elevated to critical fire weather conditions
 - A moderate Santa Ana wind event (up to 50 mph) is expected Thursday night into Friday, with the strongest winds expected Friday
